

**GENERAL PARTICIPATION WAIVER and
PERMISSION SLIP FOR MINORS/DEPENDANTS**

Realms of Avalon, Inc. is an educational historical organization who gladly seeks to educate members and the community at large about issues, activities, and skills relating to the middle ages and renaissance.

While all persons are welcome to attend --- and/or participate in --- any educational function, each person does so at their own risk, with particular notice that some martial arts activities (such as combat and archery) and tool using activities are inherently more prone to accidents, and require more attention to safety and environment.

As a participant (or guardian of a participant), I am aware of the potential risks of the activities in this club, and will not hold Realms of Avalon, Inc. and its Chapters/persons responsible for loss of property, injury, or care of dependants.

Children and dependants are solely the responsibility of parents or designated legal guardian(s). Legal guardians accept their responsibility for the safety and appropriate, safe behavior of their dependant. Minors cannot participate without their guardians consent.

Participants are expected to engage in any activity or gathering safely and with care for self and others. Guardians are encouraged to participate WITH their dependant(s) if they have concerns about the dependant(s) ability to participate safely and appropriately.

Participant (or guardian of a participant) takes responsibility for awareness of their own health concerns and medications, safe environment, and the care and safety of any human or animal dependants in their care.
